

Tastebase

DEMO SCRIPT

Go ahead and get started.

Key features:-

1. Find new food and beverages and order them
2. Viewing your order details
3. Leaving reviews for other customers

Task	Action
The home page displays various food and beverage options with the choice to search and sort results.	Click on "Trending Food" button.
A grid of possible food choices appears with an aggregated review out of 5 stars and a small description. You can add your choice to your cart.	Click on Food 1.
A page showing more information about the food you selected, where you can see nutritional information, reviews, change the quantity if the item you want, and a button to add to cart.	Click "Add to Cart".
A page opens up showing the contents of your shopping cart at the moment, along with a summary of how much you have to pay and a button to check out.	Click "Check Out."
Checking out leads to a page with your payment information and your shipping address. It also shows the summary of what you have to pay from the previous page.	Click "Submit Order"
The "Thank You!" page appears, suggesting you go back to the homepage or look at suggested food for you to try based on what you ordered.	Click on the "Tastebase" logo at the top to go back to the homepage.

Task	Action
The home page displays various food and beverage options with the choice to search and sort results, along with profile and shopping cart icons.	Click on the profile icon.
A login page appears, with fields for your username and password, and a button to submit once you've filled in these fields.	Type in your username and password and press the "Submit" button.
The "Account" page shows up, displaying your account details, the order status of your food, your payment information, and your recent purchases.	Look at the "Order Status" section to see the details of the food you

	ordered.
